

## technical features of GLOBO\_2

**FINISHES:** in 32 matt lacquer colours, in 14 gloss lacquer colours, gold leaf, silver leaf.

The structure is made from lacquered class E1 particleboard panels. The fronts are made from lacquered, curved, ayous multi-plywood panels. The lacquers used are of the matt polyurethane water-based type for matt lacquers and brushed polyester for gloss lacquers. All the drawers are soft-close. The model is supplied with a handle sunken into the front.

**NOTES:** custom-sizing and special reductions are not available for these items. To clean gold leaf and silver leaf surfaces do not use products containing acetone, alcohol, ammonia, thinners or abrasive detergents.
